Both the Tumkur and Tiptur are in a flourishing condition and large closing balances as shown below.

1910-11	Tumkur	Tiptur.
Opening balance	18,091	18,811
Receipts	17,500	6,750
	35,591	25,561
Expenditure	23,796	11,500
Closing balance	11,795	14,061

The excess of expenditure over the receipts is due to extraordinary causes, a sum of more than Rs 6000 having been provided in the Tumkur, the municipality on account of the new Extension thereat and a sum of Rs 4000 having been provided in the Tiptur Municipality for irrigation works.

As the expenditure amounting to Rs 6600/- (~~about a twenty-third thereof~~) is proposed to be met from the closing balance in favor of the above municipalities (in the proportion ~~accordance~~ of time in which the establishment is employed in each) Branch II will have to be consulted.

President of the Municipalities,
Tumkur District.

To,
C.S.Balasundaram Iyer Esqr., B.A.,
Offg: Secretary to the Government of
His Highness the Maharaja of Mysore,
General and Revenue Departments,
Bangalore.

Sir,

I have the honor to state that there are at present no accurate maps of any of the Municipal Towns in the District. The need for such accurate and up-to-date maps of the Municipal Towns prepared after a careful survey of each Town is a necessity. Recently such a map for Tiptur Town was required by the State Geologist in connection with the deepening of old wells and excavation of new ones in that Town. But as no such maps existed, a rough plan of the Town only could be supplied. As without such proper survey maps of Municipal Towns, showing different localities, lanes, roads, situation of wells, existing drains &c, no systematic sanitary improvements of the Towns can be easily adopted and carried out. With a view to have maps of such of the Municipal Towns as could afford to meet the cost of their preparation, the Chief Engineer and the Executive Engineer were consulted in the matter of getting up maps of Tumkur and Tiptur Towns prepared. From the Executive Engineer's communication dated 4th September 1911 on the subject, it is seen that for the preparation of maps of these two Towns an establishment consisting of a Sub-Overseer on Rupees 45&15/- and

6 Lascars on Rupees 8/-

Rupees 110/- per month ~~pertaining~~ of the Councillors of Tumkur ~~Town~~ months. The Tumkur and Tiptur Municipalities ~~h~~ their credit on the 30th June 1911 a closing balance of Rupees 2178~~9~~/- Rupees 1927~~6~~/- respectively and they can therefore afford to meet the cost of the preparation of the maps. I request that sanction of Government may be kindly accorded to the entertainment of the staff mentioned above temporarily for a period of 6 months and to the purchase of necessary appliances required in the preparation of the maps of the Towns under reference.

2. Copies of the Resolutions of the Tumkur Municipal Council and Tiptur Municipal Board in the matter are herewith forwarded together with the entire file of correspondence ending with the Tumkur Division Executive Engineer's D.O.letter of the 4th September 1911 on the subject.

I have the honor to be,

Sir,

Your most obedient servant,

H. Shamanna Rao.

8th July 1911

Dear Sir,

Your kind D O of yesterday to hand Thank you much for it

I regret that I have none to spare for a long time I have only limited number for my work

I think it is better to apply to the Chief Engineer to spare two Sub Overseers who have served in Sanitary Division as they have experience of preparing proper survey plans of towns, which will be useful also when drainage and water-supply projects are to be set up in future Sub-Overseers serving only in the General Branch of D P W may not be able to get up properly We may ask Chief Engineer to spare two hands for one year Their pay will be about Rs 30/ to Rs 40/- each plus Rs 10/- allowance By these two we can get up plans of ten towns of our District The cost will be about Rs 1200/- for two hands, Rs 600 for lascars and Rs 200/- for miscellaneous charges or Rs 2000/- in total which is not much for 10 towns

Before applying to the Chief Engineer I think sanction of Government in the General Branch will have to be obtained

Yours Sincerely,

(Sd) K Anantachariar

Dear Mr Visweswaraya,

I enclose copies of my letters to the Executive Engineer here and of his reply There is very great need to have correct and up-to-date maps of Municipal towns In connection with the deepening of old wells and the excavation of new ones in the Tiptur town, Mr Wetherell, State Geologist, asked me for a map of the town, but as no such map ~~ex~~ existed, I could only supply him with one prepared by the Sanitary Inspector, but it cannot be said to be an accurate or -- satisfactory one May I know if you can kindly spare the services of the Engineer-subordinates mentioned in Mr Anantacharya's letter I shall, if necessary, apply for sanction to the General Department on hearing from you as to how I am to proceed in the matter Kindly let me ~~know~~ have an early reply

Yours Sincerely,

Bangalore, 28th July 1911

Dear Mr Shama Rao,

I write to acknowledge your D O dated the 10th July 1911 regarding the preparation of maps for Municipal towns

As the services of trained subordinates cannot be spared from the Sanitary Division, will you kindly get an estimate prepared by the Executive Engineer, Tumkur -- Division, (in consultation with the Sanitary Engineer) for the staff required for the purpose and move the Government in the General Department to sanction the cost thereof? As soo as the amount is transferred to the Public Works Department, I shall arrange to put on temporary staff and carry out the necessary surveys under the supervision of the Sanitary Engine

Yours Sincerely,
